**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I strongly believe in the need for competition in the residential ISP market. I use a highly reputable, locally-based ISP because they're competitively priced, offer great service, and pledge net neutrality. I think it's incredibly important to support innovation and foster a competitive marketplace that leads to better service than would likely be available in the standard telco/cableco duopoly that's present in many areas.
